

BSK35 HYALURONIDASE PRO LIQUID

WHAT IT IS?

Hyaluronidase liquid with 1500 IU. Hyaluronidase is a protein enzyme that modifies tissue permeability through the hydrolysis of hyaluronic acid. Its action prevents the accumulation of glycosaminoglycans such as hyaluronic acid that cause water retention and allows the retained fluid to be eliminated favorably. It is an effective enzyme to promote the elimination of fibrosis associated with cellulite.

HOW TO USE

Apply to the area to be treated, following the protocol designed by the professionals at Bioskin Dermolife Cosmetics.

PRESENTATION

5 x 10 ml | 1500 IU

USE

Corporal
