

Bioskin Dermolife Cosmetic - Results from the first treatment

#highqualityskincare

www.bioskincosmetic.com

About us

Bioskin Dermalife Cosmetic is a leading manufacturer and brand of cosmeceutical products, Pre&Post Treatment and Peelings used for professional and home use.

The global aesthetic industry is changing rapidly. Customers require safe and effective treatments and, at the same time, economic competition is growing and professionals are increasingly demanding cost-effective solutions to address aesthetic beauty needs.

Bioskin Dermalife Cosmetic solutions are in demand due to their wide range of applications in professional aesthetics.

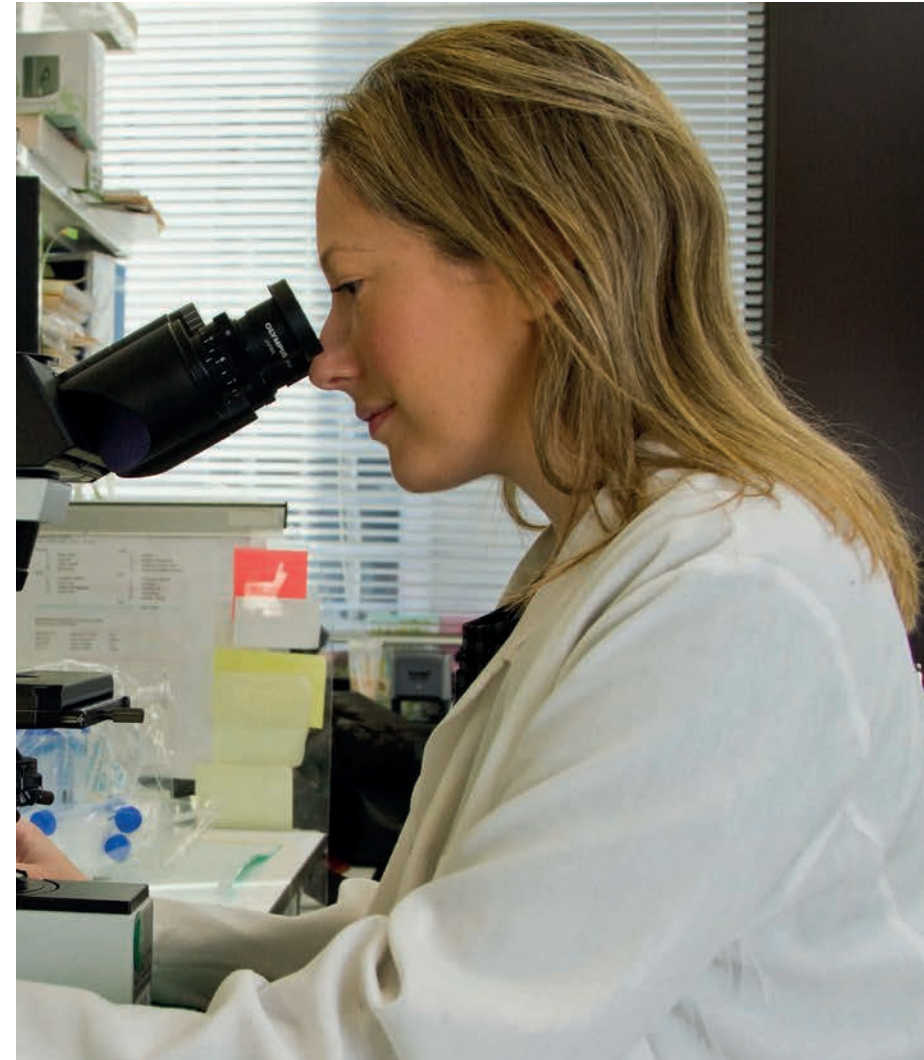

Philosophy

Results from the first treatment.

It has been our philosophy from the beginning. It means that no matter how you choose to offer Bioskin Dermolife Cosmetic, our goal is to exceed the limits of your treatment expectations.

At Bioskin we formulate state-of-the-art professional cosmetics. Our solutions are used by aesthetic professionals in clinics, salons and spas around the world.

Aesthetic Solutions

Bioskin solutions are in high demand due to their broad application with numerous effective and popular delivery systems.

Our formulations can be easily combined with all types of treatments.

Our solutions are of pharmaceutical quality.

BSK1 MULTIPEPTIDES HA

Skin care bio-revitalizing solution

Skin care with 13 vitamins, 20 amino acids, 2 co-enzymes, 8 minerals, 5 peptides and hyaluronic acid of high, medium and low molecular weight, with revitalizing action.

Firming, Antioxidant and Moisturizing.

5 Vial x 10 mL

BSK2 FIRMPRO

Skin care firming solution

Skin care with DMAE, organic silicon, panthenol, hyaluronic acid of high, medium and low molecular weight and vitamin B1 to define the facial oval and sagging of the epidermis.

Reduces the depth of wrinkles due to its concentrated peptides.

5 Vial x 10 mL

BSK3 BOTOPEPTIDES

Skin care smoothing wrinkles solution

Skin care rich in peptides, acetyl octapeptide-3 and penapeptide-18, which act against expression lines.

Reduces the depth of wrinkles due to its concentrated peptides.

5 Vial x 10 mL

BSK4 REVITALIFTPRO 20

Skin care revitalizing & firming solution

Skin care rich in hyaluronic acid of three molecular weights, peptides acetyl octapeptide-3 and pentapeptide-18, vitamins B5, PP and B1, DMAE and organic silicon, formulated to have a revitalizing, moisturizing and firming effect on the skin.

It contains DMAE and organic silicon: ingredients with firming action, hyaluronic acid (200 mg / vial) that provides moisturizing effect and concentration of peptides that reduce the depth of wrinkles.

5 Vial x 10 mL

BSK5 HYALURONIC ACID 3%

Skin care moisturizing & regenerating solution

Skin care of 150 mg of hyaluronic acid of three molecular weights, for the treatment of fine lines and wrinkles, moisturizing dry skin and combating age-related skin changes.

Restoration of the cellular matrix. Reduction of fine lines and wrinkles, intense hydration and elasticity.

5 Vial x 5 mL

BSK6 PDRN PRO

Skin care repairing and moisturizing solution

Skin care formulated with deoxyribonucleic acid extracted from salmon roe and hyaluronic acid of high, medium and low molecular weight.

Antioxidant, protective and moisturizing action. Helps restore the extracellular matrix by reducing the signs of aging.

5 Vial x 5 mL

BSK7 BRIGHTPRO

Skin care revitalaizing & lightening solution

Skin care formulated with 1600 mg/vial of high quality glutathione, reinforced with vitamin C and hyaluronic acid of three molecular weights.

Brightens and hydrates the skin to smooth age imperfections.

5 Vial x 10 mL

BSK8 SCARPRO

Skin care repair solution

Skin care formulated with ingredients that help repair skin imperfections resulting from post-acne and/or ageing.

It acts at the epidermis level, performing a gentle superficial peeling.

5 Vial x 10 mL

BSK9 HAIRPRO

Revitalizing hair care solution

Hair care with organic silicon, ginkgo biloba extract, panthenol, gaba tripeptide, multivitamin and mineral complex, centella asiatica extract, hyaluronic acid and peptides, for hair revitalization.

Improves microcirculation, oxygenating and nourishing the hair follicle and stimulating healthy hair growth.

5 Vial x 10 mL

BSK10 LIOPRO

Lipolytic reducing body skin care

Solution with caffeine, L-carnitine, organic silicon and a combination of natural extracts, for the treatment of localized fat. Activates lipolysis.

Improves microcirculation, helping to accelerate intracellular lipolysis.

5 Vial x 10 mL

BSK11 AMPELOSLIM

Lipolytic reducing body skin care

Solution formulated with ampelopsin (Dihydromyricetin), for the prevention, treatment and maintenance of fat accumulation in adipose tissue.

It acts on lipogenesis, lipolysis and adipogenesis, acting against the visible symptoms of cellulite.

5 Vial x 10 mL

BSK12 REDUPRO

Cellulite Reducing body skin care

Body skin care with L-carnitine, Centella asiatica extract and organic silicon for the treatment of the visible symptoms of cellulite.

Improves microcirculation, accelerating intracellular lipolysis against the visible symptoms of cellulite.

5 Vial x 10 mL

BSK13 AGEPRO

Skin care aging solution

Skin care with DMAE, combined high, low and medium molecular weight hyaluronic acid, organic silicon, peptides, acetyl octapeptide-3 and pentapeptide-18, panthenol, thiamine, zinc and magnesium, for the treatment of dry and damaged skin, helps to combat fine wrinkles and folds.

Wrinkle reduction, restructuring, intensive moisturizing and biorevitalizing.

5 Vial x 10 mL

BSK14 TRANEX PRO

Skin care depigmenting solution

Skin care formulated with tranexamic acid, kojic acid, vitamin c, nicotinamide, rutin and hyaluronic acid of high, medium and low molecular weight, with depigmenting and antioxidant action, as well as moisturizing.

It contains antioxidant, protective and moisturizing agents that help depigmenting treatments.

5 Vial x 5 mL

BSK28 BUTT-UP PRO

Shaping body care solution for the definition of buttocks

Solution formulated with amino acids, vitamin C and B12, high molecular weight hyaluronic acid (35 mg / vial) and DMAE that favors the redefinition of the buttock.

It promotes microcirculation, reshapes the buttock contour and softens the visible symptoms of cellulite which, together with the massage protocol, redefines the buttock contour.

2 Vial x 10 mL

BSK29 BIOPLAX PRO

Skin care DNA-revitalizing solution

Skin care formulated with deoxyribonucleic acid extracted from salmon roe, reinforced with 13 vitamins, 20 amino acids, 2 co-enzymes, 8 minerals, 5 peptides and hyaluronic acid of high, medium and low molecular weight, with revitalizing action.

It contains revitalizing, antioxidant, protective and moisturizing agents that help restore the extracellular matrix.

5 Vial x 10 mL

BSK30 ADIPRO

Lipolytic reducing body skin care

Solution with caffeine, L-carnitine, organic silicon and a combination of natural extracts, for the treatment of localized fat. Activates lipolysis.

Promotes microcirculation, helping to accelerate intracellular lipolysis.

5 Vial x 5 mL

BSK31 LIPS SHINE PRO

Lips treatment for wrinkles and firming

Product formulated with high molecular weight hyaluronic acid, peptides that act by improving the volume and smoothing expression wrinkles around the lip, redefining the lip contour, reinforced with vitamins to improve the appearance of the skin and Ginkgo Biloba that makes the lips pinker.

It outlines the lip contour by moisturizing, visually increasing its volume and reducing expression lines.

5 Vial x 5 mL

BSK32 EYE PRO CONTOUR

**Reduces eye bags, dark circles
& expression wrinkles**

Skin care formulated with caffeine, organic silicon, hyaluronic acid of three molecular weights and artichoke extract, to drain and thus reduce bags, as well as visually reduce expression wrinkles.

Drains, hydrates and smoothes the eye contour area.

2 Vial x 3 mL

BSK33 HYALURONIDASE PRO

Lyophilized powder with 1500UI

Lyophilized hyaluronidase powder with 1500 IU.

Reconstitute with saline solution.

1 x 1500 UI

BSK35

HYALURONIDASE PRO LIQUID

Lyophilized powder liquid with 1500UI

Hyaluronidase is a protein enzyme that modifies tissue permeability through the hydrolysis of hyaluronic acid. Its action prevents the accumulation of glycosaminoglycans such as hyaluronic acid that cause water retention and allows for the favorable elimination of retained fluid. It is an effective enzyme to promote the elimination of fibrosis associated with cellulite.

5 Vial x 10 mL

BSK36 COLLAGEN-HA PRO

Regenerating / Antioxidant

BSK36 COLLAGEN-HA PRO solution has been formulated by combining Succinic Acid, Collagen of marine origin and Hyaluronic Acid of three molecular weights.

The combination of Succinic Acid and Collagen is beneficial for fighting signs of aging, improving elasticity, regenerating the skin and keeping it hydrated and smooth.

BSK15 NATURAL EXTRACTS

Natural reducing body skin care

Body skin care formulated with a blend of natural extracts indicated for the treatment of the visible symptoms of localized cellulite, pronounced lipolytic.

Effect on cellulite and localized fat deposits, improvement of skin appearance and reduction of the visible symptoms of cellulite.

10 Amp. x 5 mL

BSK16

CAFFEINE 10%

Body skin care bioreducing solution

Caffeine body care, indicated for the treatment of the visible symptoms of localized cellulite.

It acts on the oxidation of fatty acids indirectly, after the elimination of excess glucose, with a pronounced lipolytic effect on cellulite and localized fat deposits.

10 Amp. x 5 mL

BSK17 DMAE 3%

Skin care firming solution

DMAE (dimethylethanolamine) is a skin care solution that is a precursor to the neurotransmitter acetylcholine, which instantly firms the skin.

External application of DMAE increases firmness, improves skin elasticity and radiance, helping to reduce the appearance of lines and wrinkles while brightening and minimizing imperfections. Indicated for dull and sagging skin.

10 Amp. x 5 mL

BSK18 HYALURONIC ACID 1%

Skin care moisturizing & regenerating solution

Skin care solution with Hyaluronic Acid (50 mg) of three molecular weights for the treatment of expression lines and wrinkles, moisturizing dry skin and combating age-related skin changes.

Restoration of cellular matrix. Reduction of lines and wrinkles, intense hydration and elasticity.

10 Amp. x 5 mL

BSK19 L-CARNITINE

Body skin care reducing solution

Solution with L-carnitine and tea extract (*Camellia sinensis*) rich in polyphenols and methylxanthines, for the treatment of visible symptoms of cellulite and localized fat.

Pronounced lipolytic effect on cellulite and localized fat deposits, improvement of skin appearance and reduction of visible cellulite symptoms.

10 Amp. x 5 mL

BSK20 MELILOTO + RUTINA

Drainage body skin care solution

Solution formulated with sweet clover extract, rich in flavonoids and coumarins, combined with rutin.

Improves local microcirculation, reducing the visible symptoms of cellulite.

10 Amp. x 5 mL

BSK21

PHOSPHATIDYLCHOLINE

Body skin care lipolytic solution

Cosmetic solution that stimulates the degradation, mobilization and elimination of lipids. Thanks to the combined action of its ingredients, PPC and sodium deoxycholate, it activates lipase which reduces triglyceride synthesis while increasing fat solubility.

It acts on localized fat favoring its elimination, reducing the visible symptoms of cellulite.

10 Amp. x 5 mL

BSK22 SILANOL 1%

Skin care bio-revitalizing solution

Solution formulated with organic silicon (methylsilanol manuronate). Silanol is one of the most important components of the body's connective tissue. It is present in macromolecules such as elastin, collagen, proteoglycans and structural glycoproteins.

Skin restructuring, body firming, lipolytic, facial and body moisturizer. The restructuring activity of organic silicon helps to maintain the mechanical properties of the skin such as elasticity, firmness but also maintains optimal cellular metabolic efficiency.

10 Amp. x 5 mL

BSK23 ARTICHOKE EXTRACT

Detoxifying body skin care solution

ARTICHOKE (*Cynara scolymus*) has a lipolytic and depurative action. The lipolytic action is produced to promote the synthesis of the coenzymes NAD and NADP-NADH₂.

It promotes microcirculation and reduces the visible effects of cellulite.

10 Amp. x 5 mL

BSK24 VITAMIN C 20%

Skin care aging & shining solution

Skin care solution formulated with 20% vitamin C. ASCORBIC ACID is a powerful antioxidant that neutralizes free radicals, helping to prevent and reduce oxidative damage caused by ultraviolet radiation radicals.

Powerful antioxidant and anti-free radical action with illuminating effect. Preventive activity against skin aging.

10 Amp. x 5 mL

BSK80

PEELPRO COCKTAIL HARD

- Improves elasticity and collagen structure.
 - Reduces pore size and controls excess oil.
 - Removes dead cells from the horny layer, decreases surface pigmentation, sun spots, signs of aging.
 - Increases the skin's ability to retain moisture.
 - Unclogs pores.
 - Diminishes fine lines and wrinkles.
 - Decreases the thickness of the stratum corneum by reducing the cohesion of corneocytes.
 - Smoothes and softens the skin.
-
- Lactic Acid–20 %
 - Glycolic Acid–20 %
 - Citric Acid–4 %
 - Malic Acid–10 %
 - Salicylic Acid–0,1 %

Ph: 1,2 -2,2

BSK81

PEELPRO COCKTAIL MEDIUM

- Promotes rapid cell renewal.
- Diminishes pores, fine lines and wrinkles.
- Smoothes and softens the skin.
- Removes dead skin cells, reduces pigmentation and sun spots.
- Normalizes oil production.
- Decreases the thickness of the stratum corneum by reducing the cohesion of corneocytes.

- Lactic Acid–0,9 %
- Glycolic Acid–20 %
- Citric Acid–1,7 %
- Malic Acid–0,8 %
- Gluconic Acid–0,5%
- Ascorbic Acid–0,5
- Tartaric Acid–0,05%
- Salicylic Acid–0,1 %

Ph: 2,5 –3,5

BSK82

PEELPRO COCKTAIL SOFT

- Decreases the thickness of the horny layer by reducing the cohesion of corneocytes.
 - Reduces fine lines and wrinkles
 - Improves skin elasticity and collagen structure.
 - Eliminates dead cells from the top of the skin and attenuates superficial pigmentation changes - age and sun spots.
 - Smoothes and softens the skin.
 - Clogs pores - eliminates acne.
 - Reduces pore size and normalizes oil production.
 - Skin's own ability to retain moisture.
 - Encourages rapid cell renewal.
-
- Lactic Acid – 0,9 %
 - Glycolic Acid – 20 %
 - Citric Acid – 1,7 %
 - Malic Acid – 0,8 %
 - Gluconic Acid – 0,5%
 - Ascorbic Acid – 0,5
 - Tartaric Acid - 0,05%
 - Salicylic Acid – 0,1 %

Ph: 3,5 – 4,5

BSK83

PEELPRO CLEAR

- Decreases the thickness of the horny layer by reducing the cohesion of corneocytes.
 - Reduces fine lines and wrinkles.
 - Improves skin elasticity and collagen structure.
 - Eliminates dead cells from the top of the skin and attenuates superficial pigmentation changes - age and sun spots.
 - Smoothes and softens the skin.
 - Clogs pores - eliminates acne.
 - Reduces pore size and normalizes oil production.
 - Skin's own ability to retain moisture.
 - Encourages rapid cell renewal.
-
- Salicylic Acid-5%.
 - Citric Acid-5%.
 - Ascorbic Acid-0,5%.
 - Lactic Acid-0.9%.
 - Kojic Acid-3%
 - Arbutin-1

Ph: 2,0 - 2,5

BSK87

PEELPRO BRIGHTENING

- Ferulic acid has aroused great interest due to its ability to fight free radicals, while increasing the effectiveness of other antioxidants, such as vitamins A, C and E.
- Improves skin elasticity and collagen support structure.
- Removes dead cells from the top of the skin & diminishes superficial pigment changes: aging and sunspots...
- Increases the skin's ability to retain moisture.
- Promotes rapid cell turnover.

- Ferrulic Acid–8,0 %
- Ácido Salicílico-5%
- Citric Acid–5,0 %
- Malic Acid–5,0 %
- Lactic Acid–4,0 %

Ph: 2,0 – 3,0

BSK88

PEELPRO NEUTRALIZING LOTION

- It is a neutralizing solution with Aloe Vera that increases the pH of the skin to counteract the aggressive effects of acids after the application of a peeling.
- It is recommended to apply on the skin to neutralize residual acids after removing the product.
- Apply with clean gauze or absorbent cotton.

BSK800

PEELING KIT

- To treat all skin types.
- To correct skin discoloration associated with alterations in melanin pigmentation.
- It produces a renewal of the epidermis, eliminating the superficial middle layers, helps the regeneration of new tissues and the disappearance of pigmentary discolorations, actinic alterations.
- The treatment can be used in all patients with hyperpigmentation, melasma or other skin color changes, as well as in acne-prone skin, to reduce seborrhea and treat acne.
- The treatment to follow depends on the desired purpose for each skin type, use BSK87 for a shiny finish or BSK81 for acne-prone skin.

POST-TREATMENT PEELING HOME CARE

BSK89 GLYCOLIC GEL 20%

Glycolic peeling

The actions of AHAs and glycolic acid are very moisturizing and regenerating of fibers such as collagen and elastin and other skin structures (glycosaminoglycans): it is therefore excellent for preventing, reversing or reducing the effects of skin aging. They also help to even out skin tone. Its exfoliating and comedolytic effect is very useful for treating oily or seborrheic skin, if formulated with the right excipient.

50 mL / 300mL

POST-TREATMENT CLEANING (HOME CARE - CABIN)

BSK90 CLEANSER FOAM

Soft cleanser foam

This formula leaves skin clean and fresh, ready to tone with the right product for your skin type.

150 mL

BSK91 CLEANSER MILK

Neutral cleanser milk

Neutral, high-tolerance emulsion, formulated from oils and moisturizing substances. Cleanses the skin in depth, eliminating dead cells, excess oil and tiny particles of dust together with make-up, without causing skin irritation. Maintains the balance of the skin's natural functions. It is suitable for all skin types.

500 mL

BSK92 AHA TONIC

With alpha hydroxy acids

Alpha hydroxy acid (AHA)-based products are widely used in the battle against aging, as they promote skin hydration and stimulate collagen and elastin production. Of these, lactic acid and glycolic acid are the most commonly used to facilitate the peeling of dead cells and give the skin a rosy, youthful appearance.

500 mL

BSK93 POST-MESO CREAM

After-treatment cream

Cream formulated to be applied after treatment, with a standardized complex of Silybum marianum, Tulsi and Enteromorpha compressa (L.) nees seaweed, and a complex of plant extracts (Arnica, Horse Chestnut, Hamamelis, Ivy, Hypericum and Red Vine), known for their anti-cuperosis and circulation activating properties.

75mL / 300 mL

HOME CARE MOISTURIZING

BSK71 C+E VITAMIN GEL CREAM

Anti-aging cream-gel
with Vitamin C+E

Antioxidant cream - gel containing vitamin C and E for an amazing illuminating effect. Helps fight the first signs of aging and has the ability to neutralize free radicals and regenerate the cell membrane.

50 mL

BSK74 MULTIVITAMIN SERUM

**Brightening serum
with vitamins and proteoglycans**

Over time, sunlight and pollution produce a series of structural changes in the skin that become evident on the outside, these are the signs of aging. Vitamins C, E and F have important properties that are essential for the regeneration and balance of our skin cells. Proteoglycans provide hydration and firming power.

30 mL

HOME CARE ANTI-AGING

BSK72 FIRMING CREAM

With epidermal
growth factor stimulators

Dermcom & Gatuline Firmness Cream offers a complete treatment by fusing Dermcomal 2% and Gatuline® Intense 2%.

50 mL

BSK73

DMAE+HA

CREAM

Moisturizing firmness

Our formula contains 3% DMAE reinforced with hyaluronic acid so we see an immediate lifting effect that tightens and firms the skin smoothing wrinkles. We can see a long lasting firming action after the first few applications of the product and from the fourth or fifth week. Fight against flaccidity by improving muscular resistance and toning. Redefine body contours. These results are maintained even for a couple of weeks after discontinuing the application of DMAE products.

BSK75 ANTI-WRINKLE CONCENTRATE SERUM

**With organic silicon,
hyaluronic acid and DMAE**

Solution formulated to treat deep wrinkles, with anti-wrinkle active ingredients that act at different levels of the skin. Intensive treatment with immediate and long lasting action due to its complete formulation, it blurs expression lines, erases expression lines and fills deeper wrinkles.

30 mL

BSK95 EYE-CONTOUR PRO

Eye Contour Cream-gel

Eye contour with cream-gel texture, easily absorbed, fresh, suitable for all skin types, formulated with peptides that act against expression wrinkles and bags that form under the eyes due to fluid retention or the passage of time. Reinforced with whitening agents that act on dark circles under the eyes. It is formulated for a more luminous, youthful and radiant look.

15mL

SUNSCREEN

BSK78

CREMA FOTOPROTECTORA SPF 50+

High protection

Sunscreen fluid with UVB/UVA protective action. Formulated with a combination of physical filters of natural origin, to guarantee maximum daily protection against the negative effects of the sun, providing comprehensive care for blemished and/or photo-aged skin. With a pleasant texture, fast absorption and transparent finish. Suitable for all skin types, very light and/or sensitive skin.

15 mL / 50 mL

BSK79 SUNBLOCK CREAM SPF 50+

High protection

Sunscreen fluid with UVB / UVA protective action. Formulated with a combination of physical filters of natural origin, to ensure maximum daily protection against the negative effects of the sun, providing comprehensive care for skins with imperfections and / or photoaging. Pleasant texture, fast absorption and transparent finish. Suitable for all skin types, very light and/or sensitive skin.

50 mL

LIGHTENING DEPIGMENTING AGENTS

BSK70 MELAN PRO

Lightening cream

Treatment cream for skin hyperpigmentation, formulated with CHROMABRIGHT®, with immediate action unifying the skin tone.

CHROMABRIGHT® is a recently patented molecule that has been designed to whiten the skin and combines all the qualities desired in a whitening agent. Its hypopigmenting activity has been proven by in vivo and in vitro tests.

50 mL

BSK76 TRANEX PRO SERUM

Intensive depigmenting serum

Serum rich in hydration and nutrition, which, thanks to its content in ursolic acid and silymarin, participates in the mechanisms of inflammation by inhibiting the synthesis of prostaglandins, in addition to functioning as a protector of the cell membrane, avoiding interaction with irritants.

30 mL

BSK77 TRANEX PRO CREAM

Intensive depigmenting cream

Cream rich in hydration and nutrition that, due to its content in ursolic acid and silymarin, participates in the mechanisms of inflammation by inhibiting the synthesis of prostaglandins, in addition to functioning as a protector of the cell membrane, preventing interaction with irritants.

50 mL

BSK94 INTIM WHITENING CREAM

Intim lightening cream

Depigmenting cream formulated with biotechnological depigmenting active ingredients and reinforced with Diacetyl Boldine, Dimethylmethoxy Chromanyl Palmitate, Kojic Acid and Arbutin, to act on the inhibition of tyrosinase activity, helping to eliminate the stain and prevent possible subsequent appearance.

Formulated to work in difficult areas, since its assets complement each other in activity and for optimal prevention. Formulated for all skin types.

50 mL

HOME CARE ACNE-PRONE

BSK96 AKNICARE FOAM

Acne-prone cleansing foam

Soft and fine foam for deep cleansing of all skin types, especially acne-prone skin. Gently cleanses and removes dirt, make-up and skin secretions.

100 mL

BSK46 AKNICARE PLUS

Acne-prone dries solution

Gel formulated with active ingredients that control sebum, dry the area and reduce redness.

It dries and reduces redness as a result of its composition.

15 mL

BSK56 AKNICARE GEL

Acne-Prone Moisturizing

Formulated with Exosomes and Postbiotics that help balance the skin's microbiota, moisturizing and balancing aspects of acne-prone skin.

HOME CARE KITS

BSK701 HYDRA KIT

Home Care Kit

BSK89 Glycolic Gel 20% | 50 ml

BSK74 Multivitamin Serum | 30 ml

BSK71 C+E Vitamin Gel Cream | 50 ml

BSK701 HYDRA KIT is part of our new line of home care treatment products. These kits are specifically designed to be used after a professional treatment, so that the patient can continue the professionally performed treatment at home. To prolong the duration and to accentuate the results of the treatment.

It is an intensive moisturizing treatment, it ensures that the water levels of the skin are balanced and the protective barrier is stronger and more flexible. It provides extra protection against external agents such as weather and pollution. The result is balanced, strong and supple skin.

BSK702 WHITENING KIT

Home Care Kit

DERMOLIFECOSMETIC

BSK200 MELANPRO DEPIGMENTING

www.bioskincosmetic.com

Description

BSK200 is a depigmenting treatment that completely eliminates the most severe and stubborn spots with maximum efficacy and safety. It has a proven efficacy that confers a unique and dual action for short and long term results.

It reduces unwanted pigmentation (including melasma, sun spots, age spots, post-inflammatory hyperpigmentation, liver spots and freckles), smoothes the skin, is suitable for all skin colors, is fast acting and has a proven efficacy process.

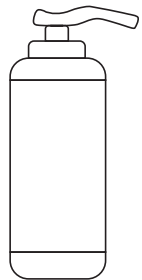

Products

How to use

1. Cleanse the skin using BSK products according to the professional's instructions:
 - BSK90 for oily or combination and acne-prone skin.
 - BSK91 for dry, more damaged or mature skin.
2. Tone the skin with BSK92, a toner with AHA's that produces a gentle peeling by preparing the skin..
3. Next, apply BSK84 Peelpro Inwhitening, a pre-peel that will prepare the skin for the active ingredients.

BSK90 / BSK91 / BSK92
Deep cleaning

1

BSK84
Pre-peeling

10' - 15' ⌚

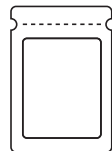

How to use

4. Remove previous peeling and neutralize with BSK88 wipes.

Neutralizing wipe with Aloe Vera that increases the pH of the skin to counteract the aggressive effects of acids after the application of a peeling.

It is recommended to apply on the skin to neutralize the residual acids after removing the product as indicated in the peeling products use sheet.

BSK88
Neutralizing Wipes

2

How to use

5. Then apply BSK105 MelanPro Mask.

- Product with highly concentrated active ingredients for a powerful depigmenting effect.
- The product must be applied by a professional who will decide the application time for each case.

3

**BSK105
MelanPro Mask**

	dry skin	normal/skin combined	oily skin
Phototypes I y II	8 hours	8 hours	10 hours
Phototypes III y IV	8 hours	10 hours	12 hours
Phototypes V y VI	10 hours	12 hours	12 hours

How to use _____

6. Remove facial mask at home.

- Rinse thoroughly with plenty of warm water and repeat as needed.

In case of erythema, tightness or irritation, it is recommended to apply a layer of Post-Meso BSK93 Cream and leave on for 10 to 15 minutes.

How to use

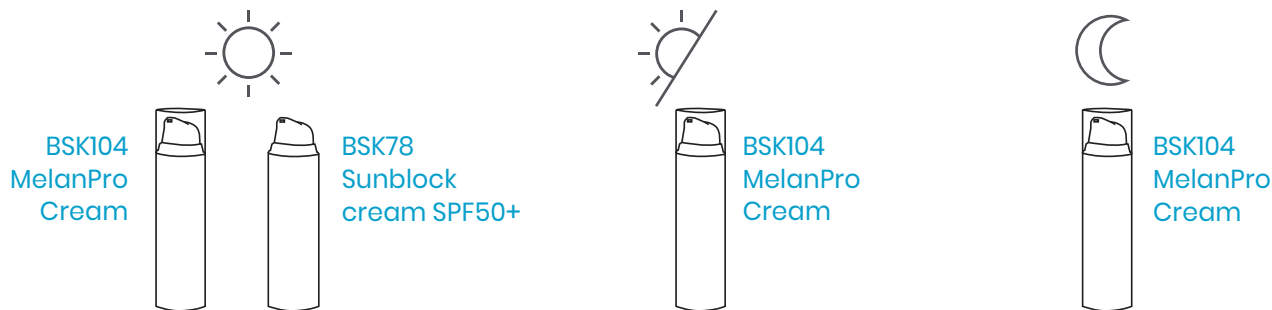

48 hours after removal of the BSK105 MelanPro Mask, continue with daily depigmentation to ensure the corrective action of the method and control melanin production inside the melanocyte.

7. Apply BSK104 MelanPro Cream.

4

BSK104 Post-Treatment at home

After 48h of professional treatment
⌚ until the end of treatment

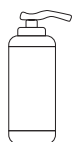

PROFESIONAL TREATMENT: Intensive depigmentation / Despigmentación profunda

Description: Deep cleanse with BSK90/BSK91/BSK92. Then apply BSK84 peelpro inwhitening, a previous peeling that is going to prepare the skin for active ingredients. Remove the peeling and neutralize with BSK88 wipes. Then apply BSK105 MelanPro Mask with highly concentrated active ingredients for a powerful depigmenting effect. The product must be applied by a professional who will decide on the application time for each case. After the recommended application time, the patient must remove the product at home to complete the first phase.

Descripción: Limpieza profunda con BSK90/BSK91/BSK92. A continuación aplicar BSK84 Peelpro Inwhitening, un peeling previo que va a preparar la piel para los principios activos. Retirar el peeling y neutralizar con toallitas BSK88. A continuación, aplicar BSK105 Mascarilla MelanPro con activos altamente concentrados para un potente efecto despigmentante. El producto debe ser aplicado por un profesional que decidirá el tiempo de aplicación para cada caso. Transcurrido el tiempo de aplicación recomendado, el paciente deberá retirar el producto en su domicilio para completar la primera fase.

STEP 1: Deep cleanse of the skin. Apply BSK84 a previous treatment peeling. Let it act from 10 to 15 min.

Paso 1: Limpieza profunda de la piel antes de aplicar BSK84, un peeling previo al tratamiento. Dejar actuar de 10 a 15 min.

MelanPro Mask

Instructions for use: Apply the 10g of MelanPro Mask and leave it as instructed by the professional for between 8-12 hours according to the guidelines in the table.

Instrucciones de uso: Aplicar los 10g de MelanPro Mask y dejar actuar según las indicaciones del profesional entre 8-12 horas según las indicaciones de la tabla.

	dry skin	normal/ combination skin	oily skin
Phototypes I and II	8 hours	8 hours	10 hours
Phototypes III and IV	8 hours	10 hours	12 hours
Phototypes V and VI	10 hours	12 hours	12 hours

STEP 4: Facial mask removal. Rinse carefully with plenty of luke-warm water and repeat as required, avoiding direct contact with the eyes. In case of erythema, tightness or irritation, we recommend you apply a layer of BSK93 Post-Meso Cream and allow to work for 10-15 minutes.

Paso 4: Retirar máscara facial. Enjuagar cuidadosamente con abundante agua tibia y repetir según sea necesario. Evitar el contacto directo con los ojos. En caso de eritema, tirantez o irritación, se recomienda aplicar una capa de Crema Post-Meso BSK93 y dejar actuar de 10 a 15 minutos.

POST TREATMENT: Continuous depigmentation / Despigmentación continua

After 48 hours of the BSK105 MelanPro Mask removal, continue with daily depigmentation to ensure the corrective action of the method and to control melanin production inside the melanocyte. Apply BSK104 MelanPro Cream.

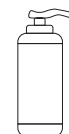

Transcurridas 48 horas de retirada la Mascarilla BSK105 MelanPro, continuar con la despigmentación diaria para asegurar la acción correctora del método y controlar la producción de melanina en el interior del melanocito. Aplicar BSK104 MelanPro Cream.

DERMOLIFECOSMETIC

BSK204 BODY INWHITENING PRO KIT

www.bioskincosmetic.com

Description

BSK204 is an intimate whitening kit. It lightens and improves skin tone in intimate areas with dark pigmentation, most often caused by rubbing of tight clothing, hormonal changes, depilation method such as waxing or razor, etc.

Composed of three high quality professional products. BSK34 Intim Whitening Pro, BSK84 Peelpro Intim Whitening and BSK94 Intim Whitening Cream.

The combination of these three elements allows us to obtain very effective results. They allow us to fulfill the aforementioned function; lighten, moisturize and improve areas with dark pigmentation..

Products

BSK94 INTIM WHITENING CREAM

BSK84 PEELPRO INTIM WHITENING

BSK34 INTIM WHITENING PRO

Professional Treatment

1. Deep cleansing of the skin prior to treatment.
2. Apply **BSK84** 2-5 ml of product depending on the area to be treated. Apply using the brush and leave on for 10 - 20 minutes. The application time depends on the area and the patient's skin type.

Neutralize with BSK88. Apply once a week or at the discretion of the professional.

Professional Treatment

3. Apply **BSK34** forming a layer of about 3-5mm with the brush on the area to be treated, massaging gently until completely absorbed. Leave it on for 15 - 20 minutes. Remove with a damp gauze. Suitable for use in appliance techniques.

Once BSK34 has been applied, apply **BSK93** Post-Meso Cream.

Professional Treatment

4. Use **BSK94** at home, twice a day on the treated area until the next treatment. Apply with a light massage on the areas to be treated, insisting on the most critical areas. Let it absorb by itself.

In case of redness, it is recommended to apply a layer of BSK93 Post-Meso Cream and leave it on for 10 to 15 minutes. After that, BSK94 can be applied.

Professional Treatment

PROFESSIONAL TREATMENT

How to apply

1

Deep cleansing of the skin before treatment.

Limpieza en profundidad de la piel previa al tratamiento.

2

BSK84 PEELPRO INTIM WHITENING:

Apply 2-5 ml of product depending on the area to be treated. Apply using the brush, following the instructions in the protocol and leave to act for 10 - 20 minutes. Application time depends on the area and the patient's skin type. Neutralize with BSK88 after the exposure time. Apply once a week or according to the professional's criteria.

Aplicar 2-5 ml de producto según zona a tratar. Aplicar utilizando el pincel y dejar actuar durante 10 - 20 minutos. El tiempo de aplicación depende de la zona y del tipo de piel del paciente. Neutralizar con BSK88. Aplicar una vez por semana o según criterio del profesional.

3

BSK34 INTIM WHITENING PRO:

Apply BSK34 forming a layer of about 3-5mm with the brush in the area to be treated, giving a light massage until it's completely absorbed. Leave to act for 15 - 20 minutes. Remove with a damp gauze. Suitable for use in virtual mesotherapy and appliance techniques. Remove with a damp gauze.

Aplicar BSK34 formando una capa de unos 3-5mm con la brocha en la zona a tratar, dando un ligero masaje hasta su completa absorción. Dejarlo actuar durante 15 - 20 minutos. Retirar con una gasa húmeda. Apto para su utilización en técnicas de aparatología y mesoterapia virtual.

4

BSK94 INTIM WHITENING CREAM:

Use BSK94 twice a day in the treated area until next treatment. Emphasise in the most affected areas. Apply and let it absorb by itself.

Usar BSK94 dos veces al día en el área tratada hasta el próximo tratamiento. Aplicar con un ligero masaje en las zonas a tratar insistiendo en las zonas más críticas. Dejar que se absorba por si misma.
