

BSK75 FIRMING CONCENTRATE SERUM

WITH ORGANIC SILANOL,
HYALURONIC ACID AND DMAE

WHAT IS IT?

Concentrate serum that reduces the appearance of wrinkles with a high concentration of active ingredients that stimulate the neosynthesis of the extracellular matrix. With restructuring and moisturizing properties that increase skin firmness and elasticity. Immediate lifting effect.

With perfectly clean and dry skin, it is recommended to apply the product to the face, neck, and décolleté prior to BSK72 FIRMING CREAM. For optimal results, it is recommended to use the product morning and night. Combine with anti-aging treatments to enhance its effectiveness.
