

BSK94 INGLOW CREAM INTIMATE TONE CREAM

ACTION

Cream with biotechnological active ingredients and reinforced with Diacetyl Boldine, Dimethylmethoxy Chromanyl Palmitate, Kojic Acid, and Arbutin, to inhibit tyrosinase activity, helping to eliminate dark spots and prevent their possible reappearance.

Formulated to work on difficult areas, as its active ingredients complement each other in activity and for optimal prevention. Formulated with a base suitable for all skin types.

HOW TO USE

Apply with a light massage to the areas to be treated, focusing on the most critical areas. Allow to absorb naturally. Use BSK94 twice a day on the treated area until the next treatment.
