Detoxifying body skin care solution | 10 x 5 ml
Body skin care formulated with 2% artichoke extract. With lipolytic and depurative action, favoring the synthesis of coenzymes involved in anabolic processes in adipose tissue and stimulating the lymphatic drainage system.

BSK24 VITAMIN C 20%
Skin care shining solution | 10 x 5 ml
Skin care formulated with 20% vitamin C. A powerful antioxidant that neutralizes free radicals, stimulates collagen synthesis, which strengthens the structural support and elasticity of the skin, and is an important catalyst for important metabolic processes.

PRE&POST PRODUCTS

BSK70 MELAN PRO
Lightening cream | 50 ml
Cream for skin hyperpigmentation, formulated with 0.5% Dimethylmethoxy Chromanyl Palmitate with immediate action to unify tone skin. This active ingredient is not photosensitive, so it can be used during the day. With photoprotective effect.

BSK71 C+E VITAMIN GEL CREAM
Antiage cream with vitamin C+E | 50 ml
VITAMINA C + E CREMA GEL is a product formulated with Vitamin C (in the form of stabilized natural extract) and Vitamin E incorporated in a new excipient base called cremagel, which is characterized by its non-greasy texture.

BSK72 FIRMING CREAM
Epidermic growth factor stimulators (EGF) | 50 ml
Dermcom & Gatuline Firmness Cream offers a complete treatment by fusing Dermcomal 2% and Gatuline® Intense 2%. It rapidly reorganizes collagen fibers and visibly smoothes the skin. It attenuates wrinkles and loss of firmness and prevents the appearance of lines, furrows and creases in the skin.

BSK73 DMAE + HA CREAM
Firming moisturizer | 50 ml
With high quality medium and low molecular weight hyaluronic acid for high moisturizing efficacy and activation of collagen production, reinforced with DMAE, an active ingredient with firming action. It is formulated in an o/w emulsion made with simile sebum oils that give softness to the skin and glycosidic emulsifiers.

BSK74 MULTIVITAMIN SERUM
Brightening with vitamins and proteoglycan | 30 ml
The main components of the multivitamin serum are vitamins C, E and F, reinforced with the moisturizing action of proteoglycans. The synergy of these ingredients brightens the skin and improves its appearance.

BSK75 ANTI-WRINKLE SERUM
Organic silicon, Hyaluronic Acid and DMAE | 30 ml
With action at different levels of the skin and with a high concentration of active ingredients that stimulate the neosynthesis of the extracellular matrix, reducing wrinkles. With antioxidant, restructuring and moisturizing properties that increase firmness and elasticity, offering a highly effective treatment to erase even the deepest wrinkles. Immediate lifting effect.

BSK76 TRANEX PRO SERUM
Depigmentant intensive serum | 30 ml
Formulated to potentate professional treatment with BSK14. Formulated with biotechnological depigmenting active ingredients and reinforced with Tranexamic Acid, to act on the inhibition of tyrosinase activity, helping to eliminate the stain and prevent its possible subsequent appearance.

BSK77 TRANEX PRO CREAM
Depigmentant intensive cream | 50 ml
Rich in hydration and nutrition, that, thanks to its content in ursolic acid and silymarin, participates in the mechanisms of inflammation by inhibiting the synthesis of prostaglandins, in addition to functioning as a protector of the cell membrane, avoiding interaction with irritants.

BSK78 CREMA FOTOPROTECTORA SPF 50+
High protection | 15 ml & 50 ml
Sunscreen fluid with UVB/UVA protective action. With anatural origin physical filters, to guarantee daily protection against sun negative effects, providing comprehensive care to blemished and/or photo-aged skin. With a pleasant texture, fast absorption, and transparent finish with a touch of color that matches your skin tone.

BSK79 SUNBLOCK CREAM SPF50+
Sunblock cream SPF50+ with High protection | 50 ml
Sunscreen fluid with high UVB/UVA protection. Contains physical and chemical filters to protect the skin from the sun, caring for blemishes and photo-aged skin. Pleasant texture, fast absorption and transparent finish. For all skin types.

BSK89 GLYCOLIC GEL 20%
Glycolic Peeling | 300 ml & 50 ml
Alphahydroxy acids eliminate superficial dead cells (corneocytes) with a micro-peeling action on the stratum corneum of the skin, in addition to increasing the degree of hydration of the epidermis due to its moisturizing properties. Apply gel with gauze, leave on for 10 minutes, remove with warm towels and refresh with cold towels. Stimulates the skin.

BSK90 CLENASER FOAM
Soft Cleanser Foam | 150 ml
Soft and fine foam for deep cleansing of all skin types. Gently cleanses by removing dirt, make-up and traces of skin secretions. Apply morning and evening, remove with lukewarm water. Use a facial tonic.

BSK91 CLENASER MILK
Neutral cleanser milk | 500 ml
Neutral and highly tolerant emulsion, formulated from oils and moisturizing substances. It cleanses the skin in depth, removing dead cells, oil excess and tiny dust particles together with make-up, without causing skin irritation. It maintains the balance of the natural functions of the skin. It is suitable for all skin types.

BSK92 AHA TONIC
With Alpha Hydroxy Acids | 500 ml
Aqueous solution formulated with orange blossom water and plant extracts rich in Alpha Hydroxy Acids, with hydrating, astringent and refreshing properties. Contains alpha hydroxy acids.
It is important to dry the tonic after its application.

BSK93 POST-MESO CREAM
After-treatment cream | 75 ml & 300 ml
Cream formulated to be applied after treatment, with a standardized complex of Silybum marianum, Tulsí and the alga Enteromorpha compressa (L.) nees, and a plant extracts complex (Arnica, Horse Chestnut, Hamamelis, Ivy, Hypericon and Red Vine), known for their anti-cuperosis and activating properties of circulation.

BSK94 INGLOW CREAM
Intimate Tone Cream | 50 ml
Cream with biotechnological active ingredients and reinforced with Diacetyl Boldine, Dimethylmethoxy Chromanyl Palmitate, Kojic Acid and Arbutin. Indicated to work in difficult areas, since its assets complement each other in activity and for optimal prevention. Developed with a base suitable for all skin types.

BSK95 EYE-CONTOUR PRO
Eye contour cream-gel texture | 15 ml
Eye contour cream-gel texture, formulated with peptides that act against expression wrinkles and against bags that form under the eyes due to fluid retention or pass of the time. Reinforced with whitening agents that act on dark circles. It is formulated to have a more luminous look, with a youthful and radiant appearance.

BSK96 AKNICARE FOAM
Acne-prone Cleansing Foam | 100 ml
Soft and fine foam for deep cleansing of all skin types, especially acne-prone skin. Gently cleanses by removing dirt, makeup and traces of skin secretions. Apply morning and evening, with light circular movements, remove with warm water. To complete the cleansing, it is recommended to use a suitable facial tonic.

BSK80 PEELPRO COCKTAIL HARD
High concentration chemical peel | 50 ml
Improves elasticity and collagen structure. Reduces pore size and controls excess oil. Removes dead skin cells, reduces pigmentation, sun spots and signs of aging. Increases moisture retention, unclogs pores, diminishes fine lines and wrinkles, reduces the thickness of the stratum corneum and smoothes the skin.

BSK81 PEELPRO COCKTAIL MEDIUM
Medium chemical abrasion peel | 50 ml
Promotes rapid cell renewal. Reduces pores, expression lines and wrinkles. Smoothes and softens the skin. Eliminates dead skin cells, reduces pigmentation and sun spots. Reduces the thickness of the stratum corneum by reducing the cohesion of corneocytes.

BSK82 PEELPRO COCKTAIL SOFT
Soft chemical abrasion peel | 50 ml
Reduces the thickness of the stratum corneum by reducing the cohesion of corneocytes. Reduces expression lines and wrinkles. Improves elasticity and collagen structure. Eliminates dead cells and reduces blemishes. Smoothes the skin, obstructs pores and reduces acne.

BSK83 PEELPRO CLEAR
Chemical abrasion peel | 50 ml
Reduces the thickness of the stratum corneum by reducing the cohesion of corneocytes. Reduces fine lines and wrinkles, improves elasticity and collagen structure. Removes dead cells, fades age and sun spots and smoothes the skin. Clogs pores and eliminates acne. Reduces pore size. Promotes cell renewal.

BSK87 PEELPRO BRIGHTENING
Chemical peel | 50 ml
Ferulic acid fights free radicals and enhances the effectiveness of antioxidants such as vitamins A, C and E. It improves elasticity and collagen structure, eliminates dead cells and reduces skin blemishes, increasing moisture retention and promoting cell renewal.

BSK88 PEELPRO NEUTRALIZING LOTION
Neutralizing lotion | 50 ml
It is a neutralizing solution with Aloe Vera that increases the pH of the skin to counteract the aggressive effects of acids after the application of a peeling. It is recommended to apply on the skin to neutralize residual acids after removing the product. Apply with clean gauze or absorbent cotton.

BSK800 PEELING PRO KIT
BSK80 - Peelpro Cocktail Hard | 50 ml
BSK81 - Peelpro Cocktail Medium | 50 ml
BSK82 - Peelpro Cocktail Soft | 50 ml
